

DAILY LEDGER

SEVENTH YEAR.

MAYSVILLE, KY., TUESDAY, AUGUST 30, 1898.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can give away his goods for nothing. A newspaper is an indispensable business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

WE MAKE IT A POINT

To have our best lines in all our departments come in the middle of August, in a few days many of our young friends will resume their studies—some at home, others in foreign educational institutions. It has always been our pride to send the boys well dressed. No matter what town or city they go to, Hechinger's clothes wearers are the proper dressed youngsters. For this fall we made greater efforts than ever to supply ourselves, and consequently you, with the noblest clothing that fashion subscribes. Our fall suits and overcoats are the highest types of merchant tailoring art. Our stock represents the production of the acknowledged leading houses in the country. Our line of shirts, underwear, hats, ties, etc., is simply great. If the young miss needs a nice trunk we can supply you.

SHOES.

The results in our Shoe Department, though not a year old, are gratifying to us and fully as much to our shoe patrons. "The most comfortable pair of shoes I've worn for years," is the universal expression of those that wear them. Our \$2, \$2.50 and \$3 Smith & Stoughton French Calf Camrose Shoes are the best in the market. Every pair we sell is made for us and warranted to give satisfaction. Money refunded if they don't. Our high-class shoes, such as Vici Kid, Russian Calf, Patent Leather, Cordovan, etc., all of which are specially made for us by the Best-Packer people, Brockton, Mass., fill the long felt wants in Mayville's shoe trade. We are daily receiving our fall stock in these lines. If your summer shoes are about worn out and you think it late to buy lightweight footwear we can fit you in the coming style of Fall Shoes. Respectfully,

The remains were interred at Mt. Pisgah Cemetery.

Today is the first day of the Ripley Fair, one of the very best in this section of the country. LIST OF TEACHERS PRESENT.

The regular session of the Mason County Teachers Institute met yesterday at the High School Building at 9 a. m.

Devotional exercises were conducted by Supt. Blatterman, the choir singing "Onward, Christian Soldiers."

Mr. Clarence Martin was chosen Secretary. Mr. Martin has repeatedly held this position in Mason county's Institute, and he is well suited to the place.

Supt. Blatterman then delivered his annual address to the teachers, after which an intermission was taken to give those present an opportunity to register. Over thirty at once placed their names upon the rolls.

When the house was again called to order the Superintendent took the floor and presented to the Institute Prof. W. E. Dumley of Pulaski, Tenn., the Instructor. Prof. Dumley gave an excellent address on "The Work of the Teacher and the Work of the Institute."

The Institute adjourned until 1:30 p. m.

His talk was thoroughly enjoyed by all who heard him.

Institute adjourned until 9 a. m. Tuesday.

HORRIBLY MANGLED.

Bert Stubbfield, a brakeman. Victim of an Accident on the C. and O.

Mr. Bert Stubbfield was the victim of a terrible accident on the C. and O. at Mentor yesterday.

Mr. Stubbfield is a brakeman on the road, and while coupling cars at the above named place he slipped and fell.

The train was in motion and forty cars passed over the unfortunate man, both hands and both legs being cut off and his face horribly mangled.

Deceased was 34 years of age and was well known in this county.

About a year since he married Miss Anna Stubbfield of Rectortville, a third cousin, who is now at the home of her mother in a delicate condition.

His sister, Miss Addie Stubbfield, left this morning for Covington where the remains of Mr. Stubbfield were taken after the accident for interment.

"YANKEE DEWEY DO."

A Mayville Citizen Writes a Parody on the Famous "Yankee Doodle Do."

It is Mr. W. C. Pelham who this time comes to the front with Spanish war souvenirs.

A few weeks ago Mr. Pelham composed some verses, bearing the title "Yankee Dewey Do," and written as a parody on "Yankee Doodle Do," the song sung everywhere in the United States.

He sent them to the Editor of the paper published on the United States Flagship Olympia, and a few days ago received the following letter, acknowledging receipt of the verses:

U. S. FLAGSHIP "OLYMPIA,"
MANILA, P. I., July 18th, 1898.
Mr. W. C. Pelham—Dear Sir: Yours of the 10th ult. received and hasten to thank you for your favor as regards those verses. Sorry to say however that the paper was printed ere your letter arrived and was therefore unable to insert your poem, but I posted it on the bulletin board and suffice to say nearly all the boys are singing it. On their behalf I thank you again. Inclosed is a copy of my paper, "The Bounding Billow."

Hoping you will like it, I am, sir, yours respectfully,
L. S. YORCK.
Apprentice, First Class, U. S. Navy.

As I write Admiral Dewey is visiting the newly-arrived soldiers who are cheering him like mad. Just received news of Sampson's victory. We are nearly crazy. God bless our country! Your fellow-patriot and countryman.
L. S. YORCK.

Excuse the digression. So related.

The paper accompanying the letter is bright and artistic and reflects credit upon Editor Young and Printer H. B. Glover. Among other things it contains full reports of the Battle of Manila Bay in prose and in poetry, accompanied by a map made by L. C. Passano, a Jackie of the Olympia, who had no other graver than a pair of sail needles.

It is to be regretted that a copy of Mr. Pelham's composition was not obtainable, but it is hardly necessary to say it would meet with as much favor with Mayville patriots as with the United States sailors in far away Manila.

THE YOUNG MEN.

What the Mayville Y. M. C. A. is Doing For Their Betters.

Sunday afternoon's Gospel meeting at the Y. M. C. A. was a most fitting and enjoyable occasion, calling out a program appropriate to the ending of the war.

Several of the talks were helpful and inspiring, the singing hearty and the "extremes" delightful.

Mrs. Randolph Madison accompanied Miss Burgess on the mandolin discursing, while Miss Clinkhober recited most superbly "The Curtain." Mrs. Hiram Chenoweth sang a solo, "Onward Christian Soldiers," and Secretary Lamb regaled the guests with cool, refreshing lemonade.

THE BUYERS' GUIDE.

A Big Wheat Crop For 1899.

That's our prediction for Mason, Bracken and Robertson counties. We make no pretensions in the way of fortune telling; neither are we a prophet. We are simply gifted with a goodly amount of "horse sense." We know that there will be a good wheat crop next year, because the bulk of the wheat sown this fall will be sown with Empire Disc Drills, and they make no mistake. Empire Drills are positive and absolute. They do exactly what you tell them to do. The Empire Disc Drill is the only positive feed drill made. It will feed the same quantity of wheat, rye, oats or barley with the same gear. Size of the grain cuts no figure with the Empire. You do not have to sow four or five acres before you know what you are doing as with other drills. The Empire has telescoping steel conductors which never break or choke up as do the old-fashioned rubber conductors. The Empire drag bars are fastened to the top of the boot, five inches higher than on other drills and trash will not choke and stop the Empire.

EMPIRE WHEAT DRILL.

will drill one acre successfully. Remember, the Empire is a positive feed drill, and the only one on the market. The grain is gently lifted into the conductors by a round, saucer-shaped part which is made to rotate by a square shaft. Only so much grain can be lifted and fed as this part will hold, and in order to sow a large or small quantity of grain per acre you simply put a large or small cog wheel on this shaft, which makes the round, saucer-shaped lift revolve faster or slower. Each cog wheel is numbered and guaranteed to sow an exact quantity of any grain per acre—wheat, rye, oats, barley. The Empire has tapering axles like a thimble-shaft wagon, and a peculiar wheel, a wheel that we will guarantee will not rub the boxes in five years as on other drills—no, not in twenty-five years. Buy the best. Buy the Empire and take advantage of 48 years experience. The factory now offers you the result of a lifetime study and invention: The Empire Disc Drill. Ask your granfather about it. Ask any old citizen if he ever heard of an Empire Drill. I can show you an Empire Drill that is 31 years old and still running. The Empire for 48 years has had a National reputation—known and used the world over except Mason county. The Empire is not a cheap drill. It costs the agent a little more than other drills. Perhaps that is why your implement dealers have never sold the Empire Drill here. Empire Drills are being exhibited and sold in Mason county now. I have shown this drill to at least 80 farmers in the last two weeks and every one is enthusiastic in its praise. Call, examine this wonderful machine and convince yourself. It is a pleasure for us to exhibit it. Call and see us.

McGANN'S REP.

It Was Made in Mayville, and He Likes to Talk About It.
Dennis W. McGann, Baltimore's crack first baseman, whose position in League company is due to his skillful guidance of the only baseball club Mayville ever had, is in a talk with a Cincinnati Enquirer reporter, said:
"If it should transpire in a game on which the championship hinged that I should hit a ball for a home run and win the pennant for my team I'll never be happier than I was one day in Mayville, Ky.," said McGann, of the Baltimore, the other evening.
"What was the occasion of your joy?"
"It was the day we beat the Cincinnati Reds, and I was captain of the Mayville team," said McGann. "I did not know so much of our first victory over the Reds, but the second one put me up in the top row of joy. After we beat the Cincinnati the first time they asked for a return game."
"We gave it to them. Then they sent word that they would show us that their former victory was a fluke. They came to make a show of us if they could. There was no doubt about their being in earnest. They went at us hammer and tongs. I don't suppose anything ever broke as fast for a team as it did for us that day. They hit the ball hard and the ball was bang, bang right into somebody's hands. I was at second that day and had my eyes closed and scooped every one of them. We won in a hard finish, and the town wasn't big enough for me. I went to the air all that night. We were patted and fêted and were the heroes of the town. I'll never feel any more important than I did that night if I am elected to the Presidency of the United States."

The W. J. Cummins will pass up tonight for Wheeling and Pittsburgh direct.
The Memphis and Vicksburg packet Quichita is paying roundabouts \$45 per month.
The steamboats have made a round trip rate so low that it will be cheaper to go to Cincinnati Enchantment week than to go to the Paris Exposition when it opens.
The river is now on a rapid decline, and unless a good rain comes to check the fall there will be another season of low water.
Only 2 cents at Pittsburgh; 4 cents at Cincinnati.

"The Blow Almost Killed Father!"

Two weeks ago V Crimp Roofing sold in Mayville at \$2.35 a square. Today V Crimp Roofing is selling at \$1.95 a square in Mayville, notwithstanding the fact that all factories advanced the price July 20th, 10 cents a square. The Price Fighter did it with his little hatch. In two weeks he brought V Crimp Roofing down from \$2.35 to \$1.95. He claims to be your friend. Will you regard him as such? He claims that he is entitled to your consideration and preference.

V CRIMP ROOFING
U. S. 28 gauge, weighing 70 pounds to the square, only \$1.95, including the sticks, at the Price Fighters'. We put a crimp in any man's price. A two-horse Farm Wagon, made of second growth hickory, complete with brake and spring seat, \$47.95.

The long looked-for come at last. Sell or trade off that old wagon and get a spring wagon. Greatest invention of the age. Florence Second growth Hickory Wagons are now equipped with.

The Springs are under the sandboard, right on the axle, and positively remove all the jolt, jar and jostle from wagon load and driver. We guarantee these springs all the way to the life of a wagon. We guarantee these Springs to add 1,500 pounds to the carrying capacity of a 3 1/2 inch wagon. Some kind of a spring that you find on a C. and O. or L. and N. freighter. Your neighbors say that they are worth \$12.50 a set. Better try them and see. The Florence Farm Wagon has in six months endeared itself to the people of Mason county to an extent that is very gratifying to us and alarming to our competitors. True merit always wins. We are not only owners of these wagons since July 1st, 1898. "I tried a pleasure to sell an article that pleases everyone. Remember, these Wagons have Pennsylvania Black Birch Bunks, every spoke in every wheel is made of woodwork is dipped in hot linseed oil before being painted, the heaviest ironed factory wagon on the market, guaranteed the lightest running factory wagon on earth and warranted in every respect. Buy a Florence and get the best. The Metal driver from Boxer No. 3822 testified to the temperature of the chairs with which it was loaded. Look at 'em!

Do you wonder that these hot-bearers melted the iron on the bars on which they were hauled to Mayville?

PEACE PROPOSAL.

This Government Has Not Yet Been Notified of the Communication from the Czar.

OUR SYMPATHIES ARE WITH HIM.

The United States Is Not Directly Interested in the Proposition of Partial Disarmament.

The United States Will Go on Strengthening Its Army and Navy Until It Gets a Little Closer in Line With the Foreign Governments.

WASHINGTON, Aug. 30.—The state department has not yet been notified of the communication from the Russian government to the foreign representatives at St. Petersburg, looking to a universal preservation of peace and the gradual disarmament of Europe. This country is not directly interested in the proposition of disarmament, but, as it is understood that the communication was addressed to all foreign representatives in St. Petersburg, it will in due time be received by this government.

Though at this moment just concluding a war in which victory has been attained by force of arms, the sentiment of this government is strongly in sympathy with any movement looking towards the abolition of warfare and our sympathies will be with the suggestion emanating from the czar.

This government is now about on the point of adding greatly to its naval establishment and somewhat on account of acquisition of territory, to its military, but we have never had the military nor the naval establishment

THERE MAY BE A CHANGE.

It Is Not Absolutely Known Whether Justice White Will Accept the Appointment as Peace Commissioner.

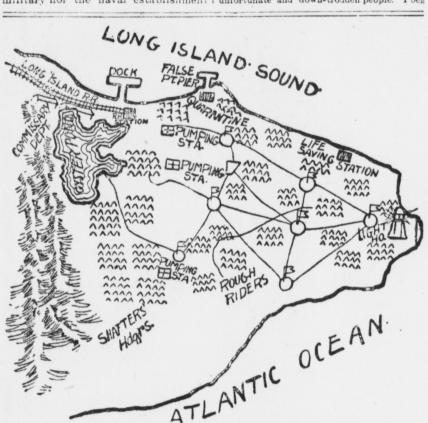

WASHINGTON, Aug. 30.—There is still a possibility of a change in the personnel of the American membership of the peace commission. Up to this moment it is not yet definitely and absolutely known whether Justice White will accept the appointment tendered him, and efforts are making by the president to learn his intentions in the matter. Mr. McArthur, the assistant secretary of the American commission, is now in New York making arrangements for the sailing of the commission on the 17th of September, so that very little time intervenes to make a change in the body in the event Justice White declines the place. It is suggested that Senator Lodge, of Massachusetts, is being considered as all the vacancy that would so result.

AN OHIO BOY.

The Father of George B. Meek, Who Was Killed at Cardenas, Receives a Check for \$100.

FREMONT, O., Aug. 30.—John Meek, of this county, father of George B. Meek, who was killed on the torpedo boat Winslow, at Cardenas, May 11, received a letter and a check for \$100. The letter goes to show that young Meek was the first American-born sailor killed in the Cuban war. The letter received by Mr. Meek reads as follows:

Washington, D. C., August 30. John Meek, Esq.: Dear Sir—Some months ago a Cuban gentleman, who signs himself Cambrera, from the City of Mexico, sent to me a letter from New York, an order for \$100 to be given to your son, George B. Meek, of the first class, on board the torpedo boat Winslow, the first man to shed his blood for the independence of our unfortunate and down-trodden people. I beg

PLAN OF CAMP WIKOFF, MONTAUK POINT, LONG ISLAND.

(Circles surrounded by flags show the signal stations scattered throughout the camp. These are connected by telegraph and telephone lines. The block of tents just to the east of the small body of water, Oyster pond, is the camp of the engineers.)

In the sense that they are maintained in Europe, and all that this government is likely to do in the way of adding to its military and naval strength would not be of a character nor to an extent which would antagonize the principle involved in the czar's proposition for disarmament.

That policy is one which this government has maintained at all times and the suggestion of the czar applies equally to the European powers, which have been expending great sums of money in arming themselves, one against another. It is regarded as peculiarly significant and encouraging that this suggestion to call a halt in the tremendous waste of treasure in warlike preparations which involved a burden upon the whole of Europe should come from Russia, just at the moment when the whole world was alert with the idea that an immediate rupture was imminent between that government and England, and at a time when the Chinese question seems very grievously to threaten the peace of the whole world.

It is felt at Washington in Government and political circles that the recent achievement of this country, and probably in no slight degree responsible for this proposition to suddenly reverse the policies of the old world. It is thought that our naval exploits have demonstrated to the old world that all the immense treasure the several powers have expended would not insure any one of them absolute immunity, should the continuance of war preparations finally lead to a general disturbance of peace, and moreover, that if this government should be drawn into the general contention and attempt to rival the powers of Europe in its armament, it would involve upon nearly every power of Europe an almost exhausting drain upon its resources, already heavily taxed.

Russian Agent Removed.

PEKIN, China, Aug. 30.—Parloff, Russian agent, has just been removed from Peking to Korea. This is said to be due to England's vigorous policy in Chinese affairs.

REVENUE RULINGS

Matter of Interest to Persons Who Prepare Documents.

THE LEDGER WILL POST YOU.

(The LEDGER will under this heading print decisions of the Commissioner of Internal Revenue as frequently as they are rendered.)

Some decisions regarding the taxation of deeds, leases, mortgages, etc., which will be of much benefit to the many who are still in doubt as to certain contingencies, have been received by Deputy Collector Davis:

Deeds, mortgages, leases and powers of attorney which were executed and acknowledged prior to July 1st, 1898, but not delivered until after that date, are subject to tax.

Mortgages which were executed, acknowledged and delivered previous to July 1st, 1898, but were not presented for record until said date or thereafter, must be stamped. Deeds, leases and powers of attorney which were executed, acknowledged and delivered and were in full force and operation previous to July 1st, 1898, are not required by law to be stamped, unless there is some local statute requiring their record as an element of validity.

In the matter of conveyances, the word "sold" is not the governing word in the paragraph relating thereto. The instrument that vests title is subject to taxation, and if it is a deed where the consideration is "love and affection" it should be taxed according to the actual value of the property conveyed and vested under trust deeds. The taxation is also in proportion to the actual value of the property.

A deed made to correct errors or supply omissions in a previous deed is required to be stamped in the same amount as would be required on the deed corrected.

A deed terminating a trust and re-vesting title should be stamped according to the amount required on the trust deed that is released or terminated.

In an assignment of a mortgage note when a part of the principal has been paid previous to such assignment, the tax is based on this principal sum, less the payment. There should be some direct evidence of this fact of reduction on the record.

The assignment or transfer of a lease is taxed upon that portion of the term of the lease that is unexpired at the time of making such transfer.

In cases where realty is sold subject to mortgage, the tax levied is upon the whole value of the property, regardless of any incumbrances it may have.

Powers of attorney contained in a mortgage deed are subject to a tax of twenty-five cents, in addition to the tax imposed in the mortgage.

A certificate of acknowledgment is not taxed in addition to the tax imposed on the instrument to which the acknowledgment is made.

Certified copies of records given by clerks or recorders are subject to a tax of ten cents.

There is no provision in the law requiring a Collector or his Deputy or other officer of the Government to certify that an instrument is exempt from taxation when presented for record. Clerks, recorders, etc., must, in the absence of a higher tribunal, determine the question as to whether or not they will receive and record an instrument.

When there is a Deputy Collector in your city, pay all your Revenue taxes to him. It gives your name city a good send-off. If you send your taxes direct to the Collector in a distant place, your home town gets no credit for it.

No! it is not claimed that Foley's Honey and Tar will cure CONSUMPTION or ASTHMA in advanced stages, it holds out no such false hopes, but DOES truthfully claim to always give comfort and relief in the very worst cases and in the early stages to effect a cure.

J. JAMES WOOD AND JOHN ARMISTONG & SON, Agents, ap6c100ly

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Henry W. Ray, adjoining Postoffice.

It is said that an ordinary catarrh increases 10,000 times in bulk thirty days from the time he is hatched.

About one month ago my child, which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief, we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better, by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boos, Stump-ton, Gilmer Co. W. Va. For sale by J. Jas. Applications on Form 101 must be filed in complete form with the Secretary of the Board prior to the hour of closing business on September 1st; otherwise the applicants cannot be examined. Soon after filing applications applicants will be notified as to the exact date of examination.
